

# BENEFITS

- › Guarantees workplace visual privacy
- › Gives the office environment a tranquil, homely and appealing look
- › Both sides of the panel are padded and contain a sealed core, reducing disruptive environmental noises
- › Tested according to ISO 354 with a high acoustic value: alpha value > 0.8
- › A wide range of screen materials and colours available
- › Can be used with Ahrend 500, Ahrend Team\_Up, Ahrend Four\_Two, Ahrend Portal and Mehes

# \_AHREND S50

*Lieke van Gool*

Designer **Lieke van Gool**

"Ahrend S50 gives its user greater privacy. The visual privacy aside, the tested acoustic model of S50 makes an important contribution to reducing reverberation. This dramatically improves the acoustic properties and means that staff can be more productive, an added benefit is that the elegantly upholstered panels create a homely atmosphere."

# RANGE

# \_AHREND S50

## Basic

- › Alpha value of the acoustic model > 0.8, measured at 2 kHz
- › Comes with holes so that it can be attached to other products in the Ahrend furniture range
- › Reinforced lockstitch seam
- › Fully recyclable

## Corporate Social Responsibility

Ahrend is the most sustainable company in its sector in Europe. It aims to close the full production loops and engage in climate-neutral manufacturing by 2020, using the principles of Eco Design and Cradle-to-Cradle. The key element in this is the efficient use (and reuse) of materials.
